EDUCATION

Arizona State University — Tempe, AZ

May 2028

Bachelor of Science in Computer Science | GPA: 4.00

Relevant Coursework: Data Structures & Algorithms, Software Engineering, Object-Oriented Programming, Computer Organization & Assembly Language Programming, Discrete Mathematics, Probability & Statistics, Digital Design Fundamentals

TECHNICAL SKILLS

Languages: Python, Java, C++, C, C#, SQL, TypeScript, JavaScript, MATLAB

Frameworks & Tools: React, Vite, Tailwind CSS, Node.js, Unity, Git/GitHub, Linux, VS Code

Databases & Platforms: PostgreSQL, MySQL, Supabase, DBMS design

Other: Data Analysis, UX Design, Figma, Digital Logic Design

TECHNICAL PROJECTS

Software Developer | 20Twenty7.8 Dessert Studio (Client Project, In Progress)

July 2026 – Present

Full-stack web application built for a local bakery

Technologies: React, TypeScript, Vite, Supabase, PostgreSQL, Tailwind CSS, Vercel, Git/GitHub

- Developing a production-ready, full-stack e-commerce platform for a real small-business client, including product catalog browsing, shopping cart, and secure online ordering.
- Designing and integrating a PostgreSQL database with Supabase to manage products, customer accounts, and online orders.
- Developing an admin dashboard for inventory management, pricing updates, and customer order tracking, reducing manual order processing.
- Designed reusable, responsive React components with TypeScript and Tailwind CSS for a scalable, mobile-friendly interface.

Research Lead & AR/VR Developer | FSE100 AR/VR Tour

Aug 2025 – Present

Engineering Projects in Community Service (EPICS), Arizona State University

Technologies: Unity, C#

- Designed and developed immersive AR/VR learning modules in Unity (C#) to enhance the FSE100 engineering curriculum, tested with 30+ students.
- Implemented user-centered interactive features that measurably improved usability and engagement based on iterative faculty and student feedback.
- Collaborated with cross-functional faculty and student teams to prototype and deliver scalable educational technology solutions.

Execution Lead | Autonomous EV3 Robotic Car

Dec 2024

Fulton Schools of Engineering (FSE), Arizona State University

Technologies: MATLAB, LEGO EV3 Mindstorms

- Led development of a sensor-driven autonomous vehicle using LEGO EV3 Mindstorms, implementing object detection and autonomous navigation.
- Programmed real-time control algorithms in MATLAB to process sensor data and drive movement and lifting operations.
- Designed and tested system logic for reliable performance under project constraints; coordinated timelines using structured documentation and Gantt charts.

Software Developer | Veginations Food Delivery Platform

Mar 2024

Technologies: Python, SQL, MySQL

- Built a full-stack food delivery platform with secure user authentication and dynamic menu management.
- Designed and optimized SQL queries and relational schemas in MySQL, reducing load times by 30% and supporting 500+ concurrent requests.
- Implemented a Python-based backend feature to boost user engagement and platform interaction.

LEADERSHIP AND PROFESSIONAL EXPERIENCE

Academia Officer — Association for Computing Machinery (ACM), ASU

Jan 2026 – Present

- Coordinate technical programming and workshops for 50+ students on topics including data mining, cybersecurity, and computer vision.
- Collaborate with professors, researchers, and industry professionals to organize technical events that promote student learning and professional development.

Devils 4 Devils Peer Leader, EOSS Counseling Services – ASU

Mar 2026 – Present

- Facilitate peer support conversations and connect students with campus resources to promote well-being and student success.
- Present mental health awareness workshops and collaborate with campus leaders to foster an inclusive and supportive student community.

Peer Educator & International Outreach Lead, SRVP – ASU

May 2025 – Mar 2026

- Developed and delivered educational workshops on violence prevention, healthy relationships, and student well-being for diverse campus audiences.
- Mentored students and collaborated with university staff to improve student engagement and create an inclusive learning environment.

Events Committee Lead, Hindu Yuva – ASU

Aug 2024 – Present

- Led event logistics and volunteer coordination in collaboration with student leaders to successfully execute cultural and community programs that enhanced student engagement at ASU.

Front Desk Executive, Enbee Education Center Pvt. Ltd.

Apr 2024 – Jul 2024

- Managed records for 100+ students and assisted 50+ clients weekly, improving front desk efficiency and reducing average wait times by 20% through effective organization and customer support.

HONORS & CERTIFICATIONS

- 5th place out of 100+ teams, ASU Change the World competition — \$1,250 innovation award
- Dean's List (All Terms), Arizona State University
